

TOWNSHIP OF CHATHAM
TOWNSHIP COMMITTEE MEETING MINUTES
March 12, 2015

Mayor Sullivan called the Regular meeting of the Township Committee of the Township of Chatham to order at 7:36 PM.

Adequate Notice of this meeting of the Township Committee was given as required by the Open Public Meetings Act as follows: Notice was given to both The Chatham Courier and the Morris County Daily Record on January 7, 2015; notice was posted on the bulletin board in the main hallway of the Municipal Building on January 7, 2015; and notice was filed with the Township Clerk on January 7, 2015.

Roll Call

Answering present to the roll call were Committeeman Gallop, Committeeman Kelly, Committeewoman Swartz, Deputy Mayor Ritter and Mayor Sullivan.

Approval of Agenda

The agenda was approved as written.

Reports

Committeewoman Swartz reported that the Public Works Department is working on repairing potholes that were created as a result of winter weather. She also reported that the Board of Health met, and that there is pending legislation in the State Senate to create stricter guidelines for the religious exemption for vaccinations. Additionally, the Health Department is working on creating a Municipal Alliance Coalition to combat substance abuse among youth. The Health Department also has their clinic schedule online. Committeewoman Swartz also reported on efforts that NJ American Water is conducting to repair broken water mains. She also reported that JCP&L is beginning work on vegetative maintenance on their right-of-way, and that a recent power outage gave residents a chance to see the uses of their smartphone app.

Committeeman Kelly reported that the Municipal Alliance met and discussed e-cigarettes. He also reported that the Open Space Committee wants to urge residents to mark their calendars for National Trails Day, which is the target for the opening of new trails on the Giralda Farms open space tract.

Committeeman Gallop reported that the Pilgrim Pipeline Advisory Committee met, and a letter to PSE&G has been modified to account for the fact that PSE&G has come out publicly as being opposed to the proposed pipeline. Committeeman Gallop read aloud the letter that will be sent to PSE&G urging them to continue to oppose the Pilgrim Pipeline. Committeeman Gallop also reported that the Borough authorized the lighting of Lum Field through April 15th. He said that the Joint Recreation Committee asked if the snow and ice on Shunpike Field could be cleared. Administrator Ciccarone said that the field still has eight inches of snow on top of a layer of ice. An evaluation will be made on Monday to see what the conditions are with the recent warmer weather. Administrator Ciccarone asked that the sports programs be patient in waiting for fields to be available. He also described how plowing turf fields can damage the fields, and said that the risk of damage is not worth the limited amount of extra availability that would be created. Committeeman Gallop said that that Township could look into what sort of equipment could be acquired to safely clear the fields, and the Township should do what it can to help youth sports be able to use the fields. Mayor Sullivan said that the purchase of equipment might not be the answer, and that the Borough should consider extending the lighting of Lum Field. Committeeman Gallop said that purchase of such equipment could be done as a shared service with the School District and neighboring towns.

Deputy Mayor Ritter reported that the Communications Committee prepared a newsletter which will be released next week. Facebook and Twitter are attracting additional traffic. Deputy Mayor Ritter also reported that the Chatham Township Fire Department has begun a membership drive. A fund raising drive is also being conducted. The Green Village Fire Department and Chatham Township Fire Department are also conducting an Adopt-a-Hydrant initiative, and are

encouraging residents to clear ice and snow within a 3-foot radius of hydrants near their homes. Additionally, the Chatham Emergency Squad is hosting a blood drive on March 14th.

Engineer Ruschke reported that the pump station at Chatham Glen has been operational for about a month, and Sewer Plant Operator Marc Christiansen is pleased with the work. As the weather improves, the time has come for consideration of road restoration and paving. Engineer Ruschke suggested that the Morris County Co-op be used for some of the restoration, and have the contractor perform the remainder. Regarding Contract 2, Engineer Ruschke said that there are issues needing to be discussed in executive session.

Administrator Ciccarone reported that he hopes that the state will release the user-friendly budget form before the next Township Committee meeting. He also reported that the generator at the municipal building was successfully used during a recent power outage.

Attorney Cruz reported that the New Jersey Supreme Court ruled regarding affordable housing, and the review and approval of affordable housing plans was removed from COAH and returned to the courts. The Township has had its plan pending for several years, and Attorney Cruz will be working with the Township Planner to develop a proposal for the Township Committee on how to proceed following the recent ruling.

Mayor Sullivan reported that the Historical Society is having a speaker on March 15th at 2:00 PM. He also noted a recent obituary of a World War II veteran. Mayor Sullivan also reported on efforts to repair potholes, and asked residents to inform Public Works if there is a pothole on their street. He also reminded residents of the St. Patrick's Day Parade in Morristown on Saturday.

Library of the Chathams Annual Report

Library Director Karen Brodsky presented the Annual Report of the Library of the Chathams. Mrs. Brodsky presented various statistics on library usage. Mrs. Brodsky also noted that library users have the option of returning books to book drops at the Fairmount Country Store and the Hickory Square Mall. The children's program was also upgraded in 2014. The Library plans to add a teen room. The building's roof also needs to be repaired before other major capital projects can be initiated.

Library Trustee (and former Mayor) Fred Pocci presented the capital requests of the Library of the Chathams. The Library has conducted a study to ascertain needed improvements to the roof, electrical system and plumbing system. The estimate for the work is \$1 million, and the Library Trustees have asked the Township and Borough to provide funds. The Library would also be contributing funds to the effort.

Mayor Sullivan asked Mr. Pocci about the most necessary repairs. Mr. Pocci said that the roof is the most critical item. Mayor Sullivan also asked if the age of the digital book is changing the landscape and structure of the library. Mrs. Brodsky said that people are requesting digital books, however there has not been any decline in the borrowing of print books. Mayor Sullivan also noted Mr. Pocci's many years of service.

Colony Pool Club Website Introduction

Mayor Sullivan said that the cost structure for Colony Pool has been modified, and the facility has been rebranded so as to attract attention.

Committeeman Gallop asked if the Colony Pool Advisory Committee has been appointed for 2015. Mayor Sullivan said that there are two vacancies on the Colony Advisory Committee, and the structure thereof is currently under review. Considerations are being made to possibly allow up to two non-resident Colony members serve on the Colony Pool Advisory Committee.

Deputy Mayor Ritter reported that a new website for the Colony Pool Club has been developed. The website is designed to enhance the user experience, and was developed in-house. Deputy Mayor Ritter anticipates that the site will be launched next week, and he listed several new features on the site.

Hearing of Citizens/Petitions

Mayor Sullivan opened the Hearing of Citizens.

1. Craig Krawiec, 21 Sandy Hill Road, said that in his neighborhood, there are six yield signs that are frequently disobeyed by motorists. There is also a lack of visibility in the area due to blind spots. Mr. Krawiec also said that there are several children residing in the area. He asked that the concerns be addressed by Chief Hennelly. Chief Hennelly said that he has also often wondered why the referenced locations have yield signs rather than stop signs, and he will be making a formal recommendation.
2. Dot Stillinger, 216 Noe Avenue, said that the Environmental Commission is holding an Earth Day Cleanup Event on April 18, 2015. The location is on Green Village Road across from Melrose Lane.
3. John & Susan Weisenhorn, 3 Robert Drive, said that over the past two years, school parking on Robert Drive has been increasing. Parking signs have been put up, but the parking situation is still getting worse. He suggested that parking on Robert Drive be limited to two hours, which would prevent teachers from parking there all day but would still allow parents to park for student pickup. Mrs. Weisenhorn described how she has to inch out of her driveway due to the cars parked on the road.

Seeing no further comment, Mayor Sullivan closed the Hearing of Citizens.

Public Hearing/Final Adoption of Ordinances

Ordinance 2015-09

ORDINANCE 2015-09

AN ORDINANCE OF THE TOWNSHIP OF CHATHAM, COUNTY OF MORRIS, STATE OF NEW JERSEY, AMENDING THE PROVISIONS FOR THE FUNDING OF OPEN SPACE ACQUISITION

WHEREAS, the Township Committee of the Township of Chatham wishes to reduce the tax levy for the contribution to the Open Space Reserve as set forth at Chapter 2, Article VIII, Section 2-75, Open Space Trust Fund for the tax year 2015;

NOW, THEREFORE, BE IT ORDAINED by the Township Committee of the Township of Chatham, County of Morris, State of New Jersey, that the Revised General Ordinances of the Township of Chatham, are amended to provide for modifications to Chapter II, Subsection 2-75.2, Funding of the Reserve for Open Space Acquisition, as follows:

1. 2-75.2 Funding of the Reserve for Open Space Acquisition.

The Reserve for Open Space Acquisition shall be funded through the dedication to the fund of an amount of one-half (\$.005) cent per one hundred (\$100.00) dollars of assessed valuation for the tax levy for the year 2015. The Reserve shall also be permitted to accept donations and testamentary bequests. The funds accumulated within the Reserve may be utilized for the acquisition of land, easements, or development rights in land within the Township, including use for active and passive recreation, the development and maintenance of municipal properties to be used for active and passive recreation, or as a down payment for the issuance of bonds for the same purposes at the discretion of the Township Committee. Any and all interest accruing on said funds shall be placed into the Reserve for Open Space Acquisition. Unless the Township Committee takes further action, the annual tax levy for the Reserve for Open Space Acquisition shall return to two (\$.02) cents per hundred (\$100.00) dollars of assessed valuation commencing with the tax levy for the year 2016.

2. All other provisions of Chapter II, Article VIII, Section 2-75, shall remain unchanged.
3. This ordinance shall take effect as provided by law.

Mayor Sullivan said that the reduction is consistent with what has been done over the past several years.

Mayor Sullivan opened the Public Hearing on Ordinance 2015-09.

1. Joseph Basralian, 24 Fairfax Terrace, expressed his admiration and appreciation for the Township Committee and Township Administration's resourcefulness with open space money over the past several years. He also said that perhaps in 2016 the tax should only be reduced to \$0.01 per \$100 assessed value, so as to start rebuilding the fund. Mayor Sullivan noted that Mr. Basralian is the chairman of the Township's Open Space Committee.

Seeing no further comment, Mayor Sullivan closed the Public Hearing.

Committeeman Gallop asked Administrator Ciccarone to comment on the open space trust fund's finances. Administrator Ciccarone said that the open space tax levy will bring in approximately \$152,000 in 2015. If the tax was raised to \$0.01, the approximate amount brought in would be roughly \$304,000.

Administrator Ciccarone suggested that the Township Committee consider remove the language that the tax would revert to \$0.02 in 2016 without further action. Committeeman Gallop said that it is important to highlight this issue every year. Administrator Ciccarone said that the topic could still be discussed, but action would only be necessary if the tax were to move back toward \$0.02. Committeeman Kelly agreed with Committeeman Gallop. Committeewoman Swartz said that she does not see the need to build the fund too aggressively. Deputy Mayor Ritter said that he supports the ordinance as written.

Committeewoman Swartz moved to adopt Ordinance 2015-09. Committeeman Kelly seconded the motion.

Roll call: Committeeman Gallop, Nay; Committeeman Kelly, Aye; Committeewoman Swartz, Aye; Deputy Mayor Ritter, Aye; Mayor Sullivan, Aye.

Discussion

Amendment to Land Development Regulations to Prohibit Pipelines

ORDINANCE 2015-10
AN ORDINANCE AMENDING CHAPTER XXX, ARTICLE 7, TITLED “ZONING REGULATIONS”, SECTION 30-96.9, TITLED “PROHIBITED USES”, OF THE REVISED GENERAL ORDINANCES OF THE TOWNSHIP OF CHATHAM PROHIBITING UNREGULATED PIPELINES IN ANY ZONING DISTRICT

WHEREAS, because certain pipelines are not public utilities that distribute services to end users and are unregulated by the State of New Jersey Board of Public Utilities; and

WHEREAS, because these pipelines are designed to transport a variety of materials, including hazardous substances which, if a discharge occurred, result in environmental degradation to the environment, including the land, water and air; and

WHEREAS, because these pipelines do not directly provide the public with necessities, such as electricity, gas, telephone, water or wastewater service; and

WHEREAS, because these pipelines may pose a threat to the infrastructure that provides these public utility services; and

WHEREAS, because these pipelines are not public utilities that distribute services to end users and are unregulated by the Board of Public Utilities, there is limited accountability to the public; and

WHEREAS, the Township Committee of the Township of Chatham believes that it is in the best interest of the health and welfare of its residents that Chapter XXX of the Land Development Regulations of the Township of Chatham, Article 7, titled “Zoning Regulations”, Section 30-96.9, titled “Prohibited Uses”, be clarified to provide that pipelines that are not public utilities that distribute services to end users and are unregulated by the Board of Public Utilities are specifically prohibited within the Township of Chatham.

NOW, THEREFORE, BE IT ORDAINED, by the Township Committee of the Township of Chatham, County of Morris, State of New Jersey, as follows:

Section 1. Chapter XXX of the Land Development Regulations of the Township of Chatham, Article 7, titled “Zoning Regulations”, Section 30-96.9, titled “Prohibited Uses”, is hereby amended as follows:

30-96.9 Prohibited Uses

- a. Where a use is not specifically permitted in a zone district, it is prohibited.
- b. Pipelines that are not public utilities that distribute services to end users and are unregulated by the State of New Jersey Board of Public Utilities are prohibited in all zone districts.

Section 2. The Township Clerk is directed to give notice at least ten (10) days prior to a hearing on the adoption of this Ordinance to the Morris County Planning Board and to all other persons or entities entitled thereto pursuant to N.J.S.A. 40:55D-15, including to the Clerk of adjoining municipalities.

The Township Clerk shall execute Affidavits of Proof of Service of the notices required by this section, and shall keep the Affidavits on file along with the Proof of Publication of the notice of the required public hearing on the proposed change.

Section 3. After introduction, the Township Clerk is hereby directed to submit a copy of the within Ordinance to the Planning Board of the Township of Chatham for its review in accordance with N.J.S.A. 40:55D-26 and N.J.S.A. 40:55D-64. The Planning Board is directed to make and transmit to the Township Committee, within thirty-five (35) days after referral, a report including identification of any provisions in the proposed Ordinance which are inconsistent with the Master Plan and recommendations concerning any inconsistencies and any other matter as the Board deems appropriate.

Section 4. If any section, paragraph, subdivision, clause or provision of this Ordinance shall be adjudged invalid, such adjudication shall apply only to the section, paragraph, subdivision, clause or provision so adjudged and the remainder of the Ordinance shall be deemed valid and effective.

Section 5. All ordinances or parts of ordinances inconsistent with or in conflict with this Ordinance are hereby repealed to the extent of such inconsistency.

Section 6. This Ordinance shall take effect immediately upon: (i) adoption; (ii) publication in accordance with the laws of the State of New Jersey; and (iii) filing of the final form of adopted Ordinance by the Clerk with the Morris County Planning Board pursuant to N.J.S.A. 40:55D-16.

Mayor Sullivan said that the Pilgrim Pipeline has been a major topic of discussion in recent months, and there has been a focus on how the pipeline could affect the Township. He said that Attorney Cruz was asked to examine the issue to see what measures can be taken to help prevent the pipeline going through Chatham Township. The proposed ordinance has been prepared to modify the Township’s land use code to prohibit pipelines that are not public utilities regulated by the Board of Public Utilities. Upon introduction, the ordinance will be forwarded to the Planning Board that they may review it for consistency with the Master Plan.

Deputy Mayor Ritter encouraged the public to show their support for this ordinance, and he thanked Attorney Cruz for his efforts in preparing the document.

Committeeman Kelly asked if any other municipalities have similar ordinance. Attorney Cruz said that this will be the first one so far as he is aware. Committeeman Kelly also asked how the pipelines in this ordinance are different from other pipelines. Attorney Cruz said that there are some pipelines regulated by the BPU which serve to deliver utilities to customers as end users, and they would still be allowed.

Mayor Sullivan said that this ordinance is not a failsafe, but does work to formally establish the position of the Township on the Pilgrim Pipeline and similar pipelines which may be proposed in the future.

Attorney Cruz described how the proposed pipeline would transport crude oil to and from a refinery, with no end user benefitting from the pipeline in the Township.

Committeewoman Swartz moved to introduce Ordinance 2015-10. Committeeman Kelly seconded the motion.

Roll call: Committeeman Gallop, Aye; Committeeman Kelly, Aye; Committeewoman Swartz, Aye; Deputy Mayor Ritter, Aye; Mayor Sullivan, Aye.

Public Hearing on Ordinance 2015-10 will be scheduled for April 23, 2015.

Hearing of Citizens/Petitions

Mayor Sullivan opened the Hearing of Citizens.

1. Kanchana Leung, 35 Runnymede Road, read a letter that she had written in support of Ordinance 2015-10. Mrs. Leung advocated preserving the character of the Township, and said that private oil pipelines are inconsistent with the goals and objectives of the Township's Master Plan.
2. Kathy Abbott, 40 Wynwood Road, asked why the ordinance cannot simply reference "hazardous liquids pipelines." Attorney Cruz explained that pipeline is a safety concern regulated by Federal law, and that this ordinance addresses zoning concerns rather than safety concerns.
3. Brandon Keating, Chatham Borough, spoke on behalf of the group Chatham Citizens Opposing the Oil Pipeline. He read aloud a letter to the Township Committee thanking them for their efforts in opposing the Pilgrim Pipeline.
4. Joseph Basralian thanked the Township Committee for introducing Ordinance 2015-10. He also provided examples of the information available as to the dangers of oil spills. Administrator Ciccarone noted that the rationale for the Pilgrim Pipeline proposal is to reduce barge traffic on the Hudson River. However, the amount of oil that would be transported in the pipeline would not likely have an impact thereon.
5. Dot Stillinger said that the Environmental Commission hopes that they will not have to respond to oil spills in the Great Swamp.
6. Brandon Keating said that people who go to the St. Patrick's Day Parade should arrange for rides home if they are going to be drinking.

Seeing no further comment, Mayor Sullivan closed the Hearing of Citizens.
